SimCapture® Enterprise

Ideal for larger simulation centers with curriculum that need to manage, assess and report on departments, learners and events.

CLOUD-BASED OR ON-PREMISE

Features
- All the features of SimCapture Pro plus
- Customizable assessments and courses
- Customizable EMR integrated into assessments
- Scheduling and self-enrollment
- Extensive center and assessment reports
- Optional central control module for OSCEs
- Option LDAP integration module

Benefits
- Provides an LMS for simulation
- Automates all key aspects of operation
- Increases center volume and usage
- Manages large volume of data over time
- Robust reporting justifies investments
- Robust training and support services

Cloud-based Benefits
- All SimCapture Pro Cloud-based benefits plus
- Manage multiple facilities simultaneously
- Aggregate data from multiple facilities

#### Benefits

- Cloud option
- Tiny form factor
- No A/V closet required
- No cooling required
- Rapid installation
- Sets up in under 5 minutes
- Capture mobile simulations
- Record without power
- Extend the reach of center
- Highly reliable
- Capture up to 6 inputs
- Flexible IP infrastructure
- Highest resolution capture
- Capture the smallest details
- Create resusable content
